How To Delete KuCoin Account

Kucoin is a popular cryptocurrency exchange platform that facilitates the selling, buying, and trading of different digital assets. Established in 2017, Kucoin has quickly gained recognition in the blockchain and cryptocurrency communities for its extensive range of supported cryptocurrencies, user-friendly interface, and security.

Kucoin also offers its services to users from all around the world. It allows individuals to trade a diverse selection of cryptocurrencies, including popular ones like Bitcoin (BTC), Ripple (XRP), Ethereum (ETH), and others, as well as so many altcoins and promising projects.

One of KuCoin's best features is security and transparency. This platform employs advanced security measures, such as two-factor authentication (2FA), to safeguard user assets and personal information.

If you don't want to use your Kucoin account anymore, then here are the steps on how to delete your Kucoin account permanently.

1. In the first step, open your Gmail Account on which your Kucoin account is registered.
- 2 Now, enter the compose Icon and insert newapi@kucoin.plus as the recipient.
3. After that, write "Request to Delete Kucoin Account" in the Subject.
4. Now, in the final step, enter your Full name, the email address on which your Kucoin account is registered, and the reason for deletion of your Kucoin account in the message body and send it.

After that, you will receive a message from the Kucoin team saying that you have successfully deleted your Kucoin account permanently.
